# SUB

pendant light

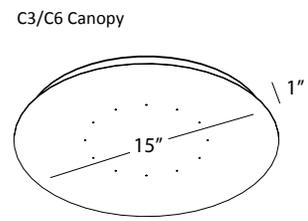

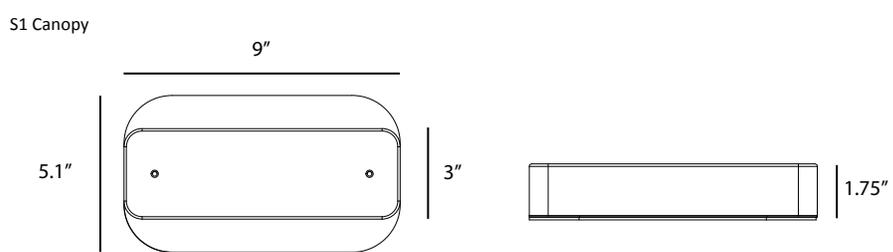

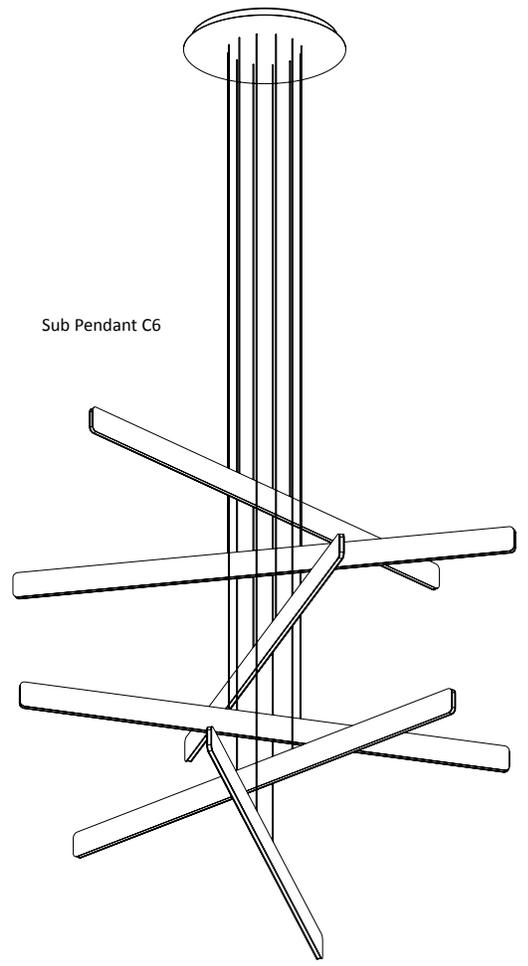

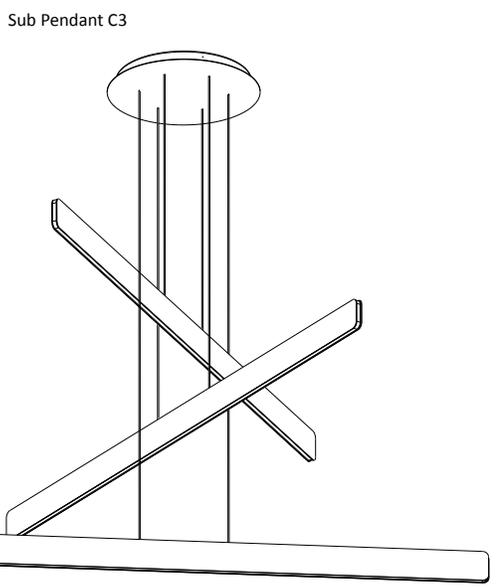

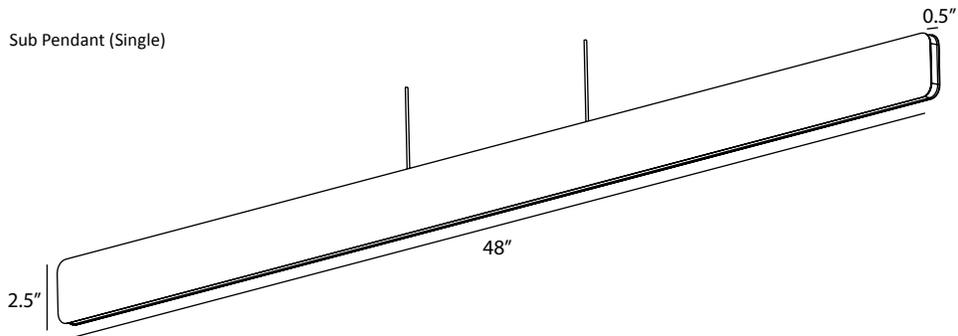

The Sub Pendant boasts a minimalist profile and emits a soft, warm glow. A continuous line of LED light wraps around the entire piece, allowing this pendant to function as both a task light for worksurfaces and ambient light for ceilings. The Sub is compatible with many ELV wall dimmers. Available as a single pendant or circular configuration of multiple lights, the Sub complements rather than obstructs the aesthetic of its surroundings.

Red Dot Design Award 2019

Lumens: 2000 per pendant  
 Energy Consumption: 48 W per pendant  
 Rated Lifespan: 50,000 hours  
 Color Temperature: Soft Warm (3,000 K)  
 Color Rendering Index (CRI) : 90+  
 Brightness Adjustability: Compatible with ELV wall dimmers  
 Material: Aluminum, plastic  
 Safety Rating: C-UL-US Certified  
 Warranty: 5 years  
 Voltage: 120 V  
 Standard Finishes: Matte Black, Silver  
 Cord: 10 ft; matches respective body finish

SUB - - SW -  
 MTB = Matte Black  
 SIL = Silver  
 S1 = Single Pendant  
 C3 = Circular 3  
 C6 = Circular 6

### Potential LEED Points

#### Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems. Konzept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

#### Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting. Konzept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Users can achieve dimming control for most hardwire lighting products by implementing standard ELV dimmers. Furthermore, all Konzept lighting products use high quality LED light sources with CRI over 80 (over 90 for hardwire products) and L70-rated lifespan over 50,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.
