

mr.GO!

LED Lantern

mr.GO! is designed with an ultra-minimalist silhouette and features a unique, curved light panel design that acts as a natural handle to carry the portable lantern around with you. Charge the built-in, powerful batteries using the USB port and enjoy the portability of a cordless light. The lamp offers 5000mAh amount of stored energy, so take it anywhere you go. A standard USB output port is available allowing users to also charge their USB devices on-the-go, making it the perfect companion for many different occasions.

— SWT = Soft White
 — SGY = Soft Grey
 — SGN = Soft Green
 — SOR = Soft Orange
 — SBL = Soft Blue

Potential LEED Points:

Energy & Atmosphere (EA)

Credit 1.1: Optimize Energy Performance
 LED lighting to reduce energy consumption.
 (Potential points: 3)

Environmental Considerations

Fully recyclable aluminum
 Water-based paint
 LEDs do not contain mercury
 Low power consumption
 LEED credit eligibility
