Z-BAR

pendant *rise*

By Kenneth Ng, Edmund Ng
 2018

Meet the Designers

Koncept was born in 2002 when industrial designer Peter Ng and his two sons, Kenneth Ng and Edmund Ng, joined forces in order to harness years of manufacturing and industrial design experience.

The Koncept team has since designed a range of products that have significantly influenced the LED task lighting industry. Their works have been featured in major press such as TIME Magazine, Oprah Magazine and Interior Design Magazine. Koncept has earned 50 international design awards to date, including the Red Dot Design Award, iF Design Award, and the Good Design Award.

Embracing modern, minimalist lines while maintaining rich functionalities, Koncept's designs strike the perfect balance between form and function.

Another Twist On A Classic

Koncept's award-winning collection of Z-Bar Pendants (Honeycomb, Bird, Triangle, Square) welcomes four new geometric configurations.

Z-Bar Pendant *Rise* is available in rectangle and square formations and various sizes. These contemporary pendants consist of modular light bars that independently rotate 360°
