KONCEPT

Z-BAR

The Z-Bar collection broke the mold for desk and floor lamp design and introduced the world to Koncept's contemporary designs. The traditional bulb-and-shade lamp format was abandoned and the result was a flexible, streamlined design. The three-bar silhouette has become iconic in the LED lighting design industry. With several sizes to choose from, there's a Z-Bar for every need.

"Best of Category" in I.D. Magazine's 2006 Annual Design Review Permanent collection at Die Neue Sammlung, Munich TIME Magazine's "Best Inventions Of The Year" 2007

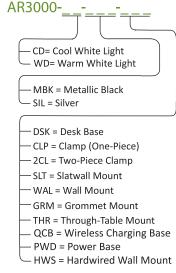

Designer Peter Ng Lumens:475Energy Consumption:9.5 WRated Lifespan50,000 hours

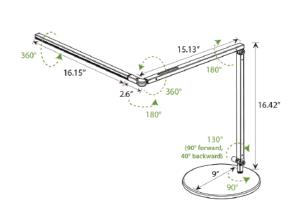

Color Temperature: Cool: 4,500 K / Warm: 3,500 K

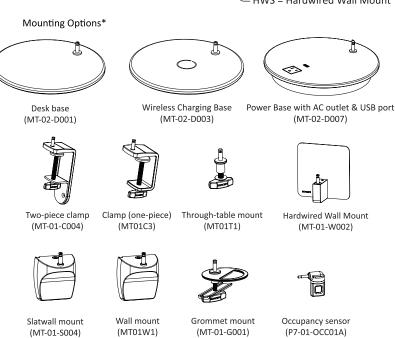

Color Rendering Index (CRI): 85

Dimmer: Built-in touchstrip
Brightness Adjustability: Multiple dimming levels
Standard Finishes: Metallic Black, Silver
Material: Aluminum, plastic
Cord: Black, 10'

C-UL-US Certified

^{*}Limited finishes available on mounting options

Potential LEED Points

Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

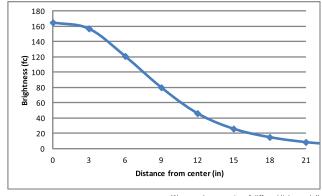

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

All Koncept's task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Koncept's task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.

Light source placed at 15" away from worksurface
