

A modern, minimalist floor lamp with a tall, thin vertical pole and a long, adjustable arm extending from the top. The arm is angled downwards, and a small, curved light head is attached to its end, emitting a soft glow. The lamp is set against a dark background.

KONCEPT

mosso pro

FLOOR

The Mosso Pro Floor Lamp features all the fine qualities of its desk lamp counterpart: a touchstrip for easy dimming, tunable color capabilities, USB charging port, and maximum flexibility. With its ultra-high energy efficiency, this iconic floor lamp stands tall amongst the rest.

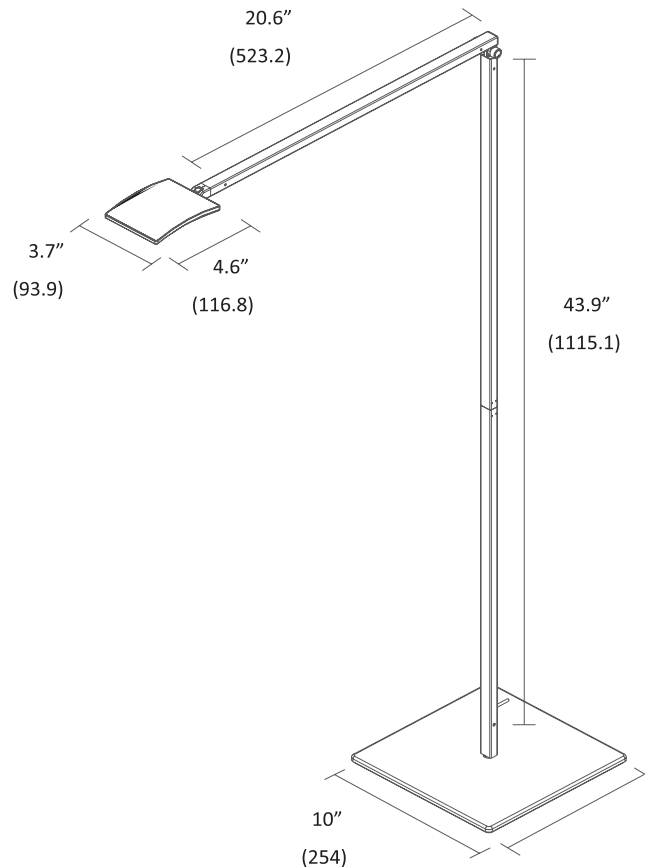

Designers

Lumens:	540
Energy Consumption:	5.5 watts
Number of LEDs:	48 LEDs
LED Rated Lifespan:	50,000 hours
Color Temperature:	Variable from 2,700 K to 5,000 K
Color Rendering Index (CRI):	90
Dimmer:	Built-in touchstrip
Brightness Adjustability:	Continuous
Standard Color Finish*:	Metallic Black, Silver, White
Material:	Aluminum/Plastic
Cord:	Black, 10'
Built-in USB port:	5V 1A

MBK = Metallic Black
SIL = Silver
WHT = White

Potential LEED Points

Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

All Koncept's task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Koncept's task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.

Light source placed 15" away from surface
