

Meet the Designers

Koncept was born in 2002 when industrial designer Peter Ng and his two sons, Kenneth Ng and Edmund Ng, joined forces in order to harness years of manufacturing and industrial design experience.

The Koncept team has since designed a range of products that have significantly influenced the LED task lighting industry. Their works have been featured in major press such as TIME Magazine, Oprah Magazine and Interior Design Magazine. Koncept has earned over 50 international design awards to date, including the Red Dot Design Award, iF Design Award, and the Good Design Award.

Embracing modern, minimalist lines while maintaining rich functionalities, Koncept's designs strike the perfect balance between form and function.

Environmental Considerations

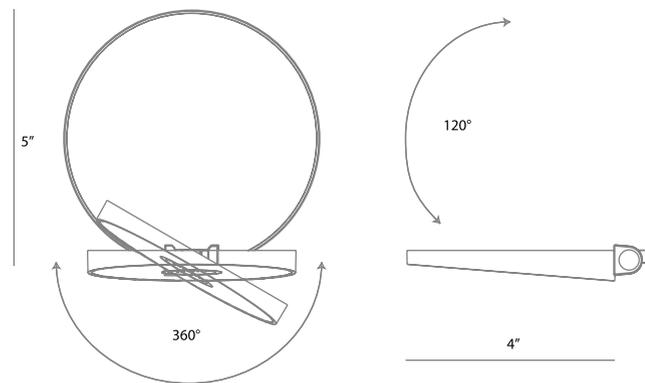

Water-based paint
LEDs do not contain mercury
Low power consumption
LEED credit eligibility

Details

Plug-in and hardwire versions
4.5 W (plug-in) / 5.8 W (hardwire)
320 lumens
50,000 hours lifespan
2,700 K light color
CRI: 83 (plug-in) / 94 (hardwire)
Continuous touch dimming

Body finishes: Chrome, metallic black, silver, matte white

Gravy
wall sconce

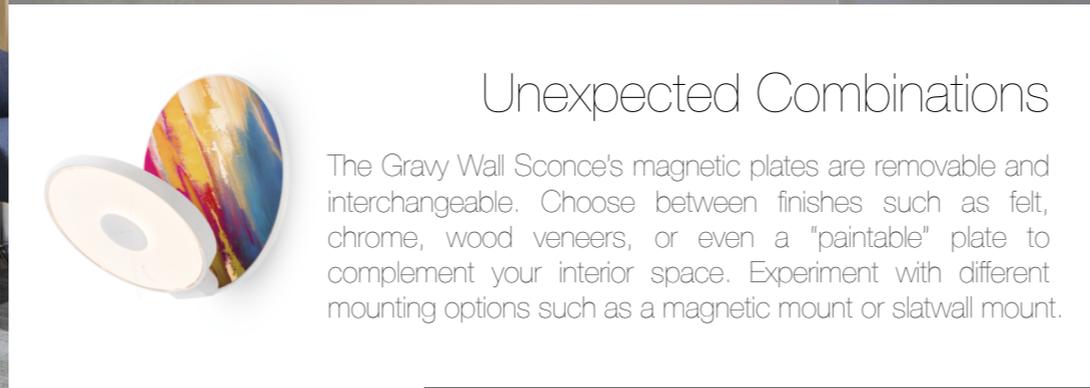

iF Design Award 2016
Spark Gold Award 2015

By Kenneth Ng, Edmund Ng
2017

Plug-in or Hardwire

Available as either a plug-in or hardwire sconce, the Gravy wall suits any interior.

Unexpected Combinations

The Gravy Wall Sconce's magnetic plates are removable and interchangeable. Choose between finishes such as felt, chrome, wood veneers, or even a "paintable" plate to complement your interior space. Experiment with different mounting options such as a magnetic mount or slatwall mount.

Diffused and Dimmable

Controlling the light is easy: simply direct the swivelling LED head to where you need light. Tap the center of the head's underside to turn it on or off, and touch and hold to adjust the brightness.
