

KONCEPT

equo floor

The Equo Floor Lamp features a streamlined, counterweight design without the need for a table. A featherlight touch is all you need to adjust the floating arm's position, and the tilting head stays at the angle you set when the arm is raised or lowered. Gravity is seemingly defied with Equo.

Designers

Peter Ng, Kenneth Ng & Edmund Ng

Lumens: 360
 Energy Consumption: 6 W
 Rated Lifespan: 50,000 hours
 Color Temperature: Cool: 4,500 K / Warm 3,500 K
 CRI: 85
 Dimmer: Built-in
 Brightness Adjustability: Continuous Dimming
 Standard Finishes: Black, Chrome*, Silver, Orange
 Material: Aluminum, plastic
 Cord: Black, 10'
 C-UL-US Certified

*Chrome finish available on warm light model only

Potential LEED Points

Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

All Koncept's task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Koncept's task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.
