Contemporary Spotlight

Focaccia desk lamp

Designers Kenneth Ng, Edmund Ng

Best of NeoCon GOLD 2022

The Focaccia Desk Lamp provides a sleek and modern solution for any workspace, home office, and more. The lamp is designed with a slim and flexible body that can be bent at the joints, and swiveled at the base. The Desk model features two arms for a long reach and extension for your tasks. The diffused square spotlight head is able to adjust light color from 2700 K (warm) to 5000 K (white), and brightness level with a touch strip on the top. Additionally, the Desk model includes an occupancy sensor, and a USB-C charging port for charging devices. This contemporary lamp is both functional and stylish.

Desk

The Focaccia Desk Lamp was designed to have a minimal footprint. Koncept designers enhanced this by ensuring compatibility with various Koncept mounting options. Using desk clamps, grommet mounts, and hardwire wall mounts, users can create more desk space. These mounts also keep the power cord barely visible. Additionally, the Qi base offers quick and easy charging for compatible phones—just place your phone on the base, and it will start charging automatically.

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

Koncept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Furthermore, all Koncept lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.

Focaccia solo desk lamp

Designers Kenneth Ng, Edmund Ng Desk

Best of NeoCon GOLD 2022

The Focaccia Solo Lamp is a compact version of the Focaccia Desk. It still comes standard with a slim and flexible body that can be bent at the joints, and swiveled at the base, but instead features one arm to fit into those smaller areas. The diffused square spotlight head is able to adjust light color from 2700 K (warm) to 5000 K (white), and brightness level with a touch strip on the top. Additionally, the Solo model includes an occupancy sensor, and a USB-C charging port for charging devices. This contemporary lamp is functional, stylish, and compact.

Focaccia floor lamp

Designers Kenneth Ng, Edmund Ng

Best of NeoCon GOLD 2022

The Focaccia Floor Lamp is a long, slim and flexible spotlight that can be bent at the joints, and swiveled at the base, making it a great choice for your contemporary area. The diffused square spotlight head is able to adjust light color from 2700 K (warm) to 5000 K (white), and brightness level with a touch strip on the top. Additionally, the Floor model includes an occupancy sensor, and a USB-C charging port for charging devices.
