Next Generation Luminaires 2013

Best of NeoCon Silver 2012

Sobre rises above your work surface to provide both ambient and task light. The LED light bar rotates to shine directly down onto your desk, or up for beautiful ambient light. Ideal for long tables or public areas, multiple Sobre units can be connected together. Sobre mounts onto your desk via clamp or through-table mount. An occupancy sensor and dimmer control is available separately.

Lumens: 175 per ft
 Energy Consumption: 3.6 W per ft
 Footcandles: 87
 Lux: 936
 Rated Lifespan: 50,000 hours
 Color Rendering Index (CRI) : 90
 Brightness Adjustability: Continuous dimming*
 Material: Aluminum, plastic
 Occupancy Sensor: Available separately
 Safety Rating: CE Certified. Ships with UL / cUL certified power supply within North America.
 Warranty: 5 years
 Voltage: 100-240 V
 *Occupancy sensor with dimmer control available separately

Photometrics: SF1-36 light source placed 18" away from work surface

Sobro Options

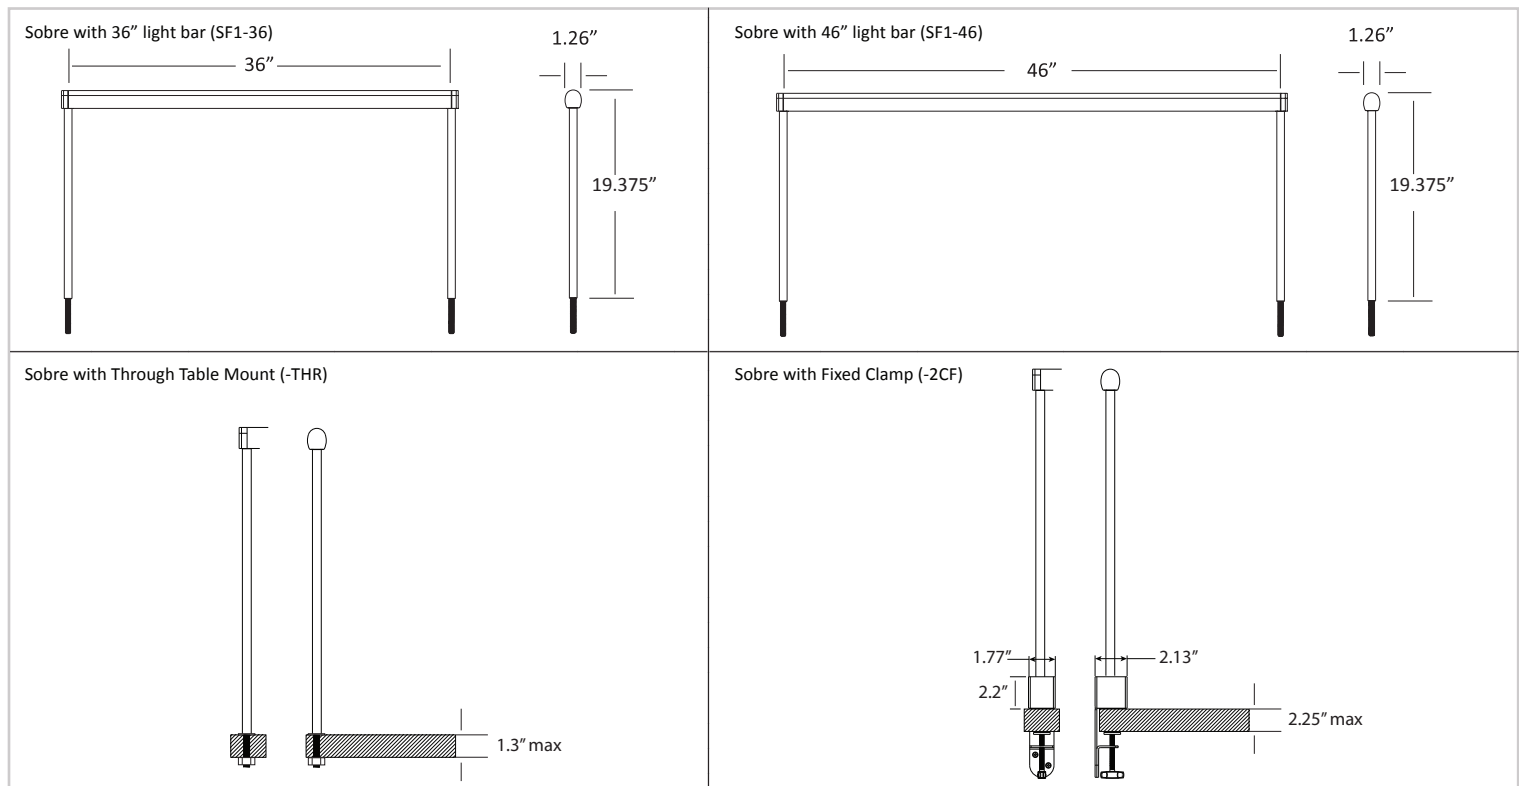

Additional lead time/charges may be applied to non-stocked options

Sobro	Light Bar Length (in)	Additional Light Bar	Height	Light Temperature (K)	Finish	Mount	Power/Dimmer Control
SF1	26	+ length	19*	2,700	Silver* (SIL)	Through-table* (THR)	No Control Unit* (NCU)
	31	if a second light bar (36") is needed, write "+36". If a third light bar (36") is needed, put another "+36" and so on**. If no additional light bar is needed, skip this step.	Enter the desired height in inches of the standing bar from above the mount, eg. "21"	3,000	Metallic Black* (MBK)	Desk Clamp* (2CF)	Occupancy Sensor / Dimmer Control* (ODC)
	36*			3,500*			
	46*			4,000	White (WHT)	Extended Through-table*** (EXT)	
	51			4,500			
	56			5,000			
	61				Matte Black (MTB)		
	66					Matte White (MWT)	
SF1							

Order example: SF1 - 26 + 26 - 19 - 4500 - MTB - 2CF - ODC

*standard stocked option
 **for info on maximum connected units, contact sales@koncept.com
 ***extended through-table mount (EXT) supports up to 2.6" table thickness. Customization charges apply.

LEED Information

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems. Concept's LED lighting fixtures operate at high efficacy, therefore helping to minimize energy costs. All Concept lighting fixtures are dimmable so that occupants can choose the appropriate setting to avoid energy overuse.

Interior Lighting

To promote occupants' productivity, comfort and well-being by providing high-quality lighting. Concept's entire line of hardwired lighting fixtures are dimmable. Users can adjust the brightness settings to suit their needs. Furthermore, all products utilize high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours.
