tōnō

Enrich your space with color

2013 Best of NeoCon GOLD
JDP's Good Design Award 2013

Designers

Peter Ng, Kenneth Ng & Edmund Ng

The ultimate mood light, Tono changes between 1500 different color combinations. Rotate it towards the wall for a soft, ambient glow, or directly out into the room for a dramatic wash of color. Tono is for those who crave the non-traditional.

Lumens:	600
Energy Consumption:	18 W
Rated Lifespan:	50,000 hours
White Light Temperature:	From 2,700 K to 8,000 K
Color Range:	1,500 combinations of red, green & blue
Dimmer:	Built-in touchstrip
Brightness Adjustability:	Continuous dimming
Standard Finish:	White
Material:	Aluminum, plastic
Cord:	White, 10'
C-UL-US Certified	

MC1-WHT-FLR

Potential LEED Points

Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

All Koncept's task lighting products provide more than three lighting levels that are easily adjustable by occupants to suit their needs. Furthermore, all Koncept's task lighting products use high quality LED light sources with CRI over 80 and L70 rated lifespan over 50,000 hours. Desktop and task personal lighting also provides the opportunity to reduce overhead lighting.
