Contemporary Spotlight

Focaccia desk lamp

Designers
Kenneth Ng, Edmund Ng

Best of NeoCon GOLD 2022

The Focaccia Desk Lamp provides a sleek and modern solution for any workspace, home office, and more. The lamp is designed with a slim and flexible body that can be bent at the joints, and swiveled at the base. The Desk model features two arms for a long reach and extension for your tasks. The diffused square spotlight head is able to adjust light color from 2700 K (warm) to 5000 K (white), and brightness level with a touch strip on the top. Additionally, the Desk model includes an occupancy sensor, and a USB-C charging port for charging devices. This contemporary lamp is both functional and stylish.

The Focaccia Desk Lamp was designed to encompass a minimal footprint. Koncept designers amplified this idea by ensuring that the lamp is compatible with a variety of Koncept's mounting options. When users incorporate desk clamps, grommet mounts and hardwire wall mounts, they automatically create more desk space. The lamp's power cord is barely visible with these mounts. The Qi base provides quick and easy charging for compatible phones. Users can simply place their phone on the base, and the device will automatically begin charging.

Wireless Charging Qi Base

Two-piece clamp

Grommet mount

Slatwall mount

Wall mount

Through-table mount

Focaccia Desk with grommet mount

Articulate and flexible body

Touch strip to adjust brightness

Occupancy sensor & light color changing button

USB-C charging port

The optional wireless charging base is powered by the USB-C port on the Focaccia body.

Technical Information

Occupancy Sensor:	Built-in
USB-C port:	Built-in
Color Temperature:	2,700K - 5000K
Lumens:	460
Energy Consumption:	7 W
Standard Finishes:	Matte Black, Silver, Matte Fire Red
L-90 Rated Lifespan:	60,000 hours
Color Rendering Index:	90+
Brightness Adjustability:	Continuous dimming (touchstrip)
Material:	Aluminum, plastic
Safety Rating:	C-UL-US Certified
Warranty:	5 years
Voltage:	100-240V

Dimensions

**Power Base comes in silver finish, custom finish available.

Photometrics: Light source placed 15" away from work surface

LEED Information

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

Koncept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Furthermore, all Koncept lighting products use high quality LED light sources with CRI over 90 and L90 rated lifespan over 60,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.

Mounting Options/Accessories*

Desk base
(MT-02-D045)

Wireless Charging Base
(MT-02-D043)

Power Base with AC outlet
& USB port (MT-02-D007)
