1

*Your circuit breaker may look different.

Shock Hazard. Electric shock could result in serious injury or death. Make sure circuit breaker is set to OFF before installation. Must be installed by a qualified electrician.

2

Connect Hot, Neutral and Ground per illustrated and affix LED driver assembly to the junction box

3

Connect the T-shape connector to the LED driver by connecting the red and black wires to the LED driver respectively. Place it in the receiving holder in the canopy, and screw in Strain relief knob to hold it in place.

- 4 Insert the pendant head into the canopy and optionally sandwich a decorative lamp shade in between.

(Optional)

- 5 Push pendant head into the canopy and turn clockwise until tight.
