Dude table lamp

Introducing the Dude Table Lamp – a sleek marble lamp with full dimming control and a rotatable metal shade. Create customizable lighting angles for any occasion while adding a touch of elegance and playfulness to your space. Unlike other Koncept models with integrated LEDs, Dude uses a standard G9 LED bulb, making it easy to replace when needed. Perfect for setting the mood or brightening up your workspace in style!

Technical Information

Color Temperature:	2,700K
Lumens:	650

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept’s LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting

To promote occupants’ productivity, comfort and well-being by providing high-quality lighting.

Koncept’s portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Furthermore, all Koncept lighting products use high quality LED light sources with CRI over 90 and L90 rated lifespan over 60,000 hours.

Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.
