

Yurei acoustic panel

Assembly Instructions

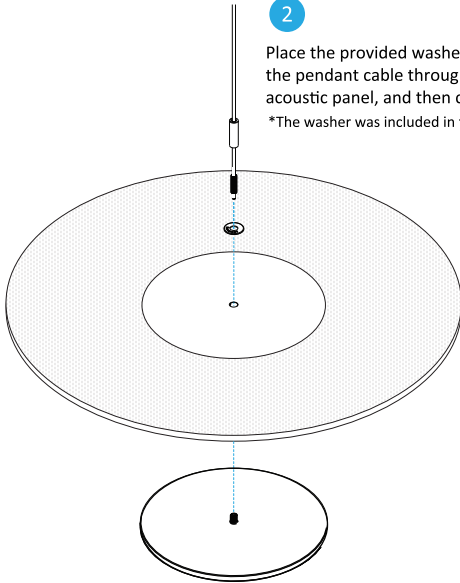

Pendant

- 1 Remove the slim metal shade from the top of the LED light panel.

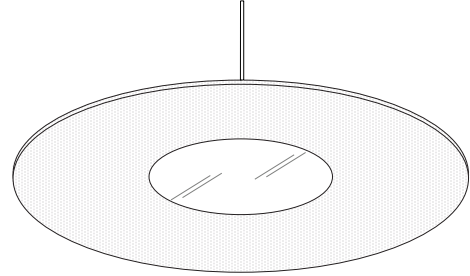

2

- Place the provided washer on top of the shade, feed the pendant cable through the washer*, then the acoustic panel, and then connect to the lamp head.
- *The washer was included in the original Yurei pendant packaging.

3

- Please ensure the acoustic panel fully covers the LED light panel. The LED light panel must be completely enclosed within the acoustic panel, with its bottom surface flush with the acoustic panel.

4

- Tighten the screw cap to secure the connection to the pendant lamp head.
