LEED Information

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED lighting fixtures operate at high efficacy, therefore helping to minimize energy costs. All Koncept lighting fixtures are dimmable so that occupants can choose the appropriate setting to avoid energy overuse.

Interior Lighting

To promote occupants' productivity, comfort and well-being by providing high-quality lighting. Koncept's entire line of hardwired lighting fixtures are dimmable. Users can adjust the brightness settings to suit their needs. Furthermore, all products utilize high quality LED light sources with CRI over 90 and L90 rated lifespan over 60,000 hours.

Create your own custom finish with a paintable plate. This option opens up endless opportunities: exactly match Ramen with your wall color; choose a complementary color; or let your creativity shine by painting a pattern, portrait, seasonal design, and so on. Since a magnet is all that's needed to change out the plate, you can easily make aesthetic changes throughout the year.
