Ramen mini Faceplate Library

Explore a curated collection of preset faceplate designs, each reviewed by our engineering team and ready for production. The library includes a wide range of graphics suited for both public environments and residential applications, from wayfinding symbols such as restrooms, accessibility, and exits, to everyday icons like Wi-Fi, parking, and more.

To simplify specification, Ramen Mini plates are offered in three categories:

Category 1 – Standard Plates

Plain faceplates available in 11 finishes for a clean, minimal appearance.

Category 2 – FacePlate Library

Pre-engineered graphic plates shown in this library. These designs are production-ready and can be specified in your preferred finish and quantity.

Category 3 – Custom Designs

Fully custom graphics, including logos or project-specific artwork. These require additional review and production time.

Available in a variety of finishes, all plates can be specified in the quantities needed for your project, offering a flexible and design-forward solution for hotels, offices, libraries, multi-family residences, and private homes.

For more information or to place an order, please contact us at

Ramen mini Faceplate Options

Additional lead time/charges may be applied to non-stocked options

- Stock standard
- Faceplate Library
- Custom options

Ramen	Body size (in)	Light Temperature (K)	Faceplate Design (optional)	Faceplate finishes	Power
RMW	06	2,000* 2,200* 2,500* 2,700 3,000 (SW) 3,500 4,000 4,500 5,000 5,700 6,500	016 017 018 019 020 021 022 023 024 025 Enter the desired design number from the Faceplate Library, or specify (CUS) for a custom design. Leave blank for a plain faceplate.	Brass (BRS)** Charcoal Felt (CCF)** Chrome (CRM)** Matte Paintable White (MWT) Matte Black (MTB) Oiled Walnut (OWT)** White Oak (WOK)** Brushed Nickel (BNI)** Matte Orange (MOR) Matte Pacific Blue (MPB) Matte Racing Green (MRG) Custom finish (CUS)	Hardwired (HW)

Order example: RMW - 06 - SW - 011 - MTB - HW

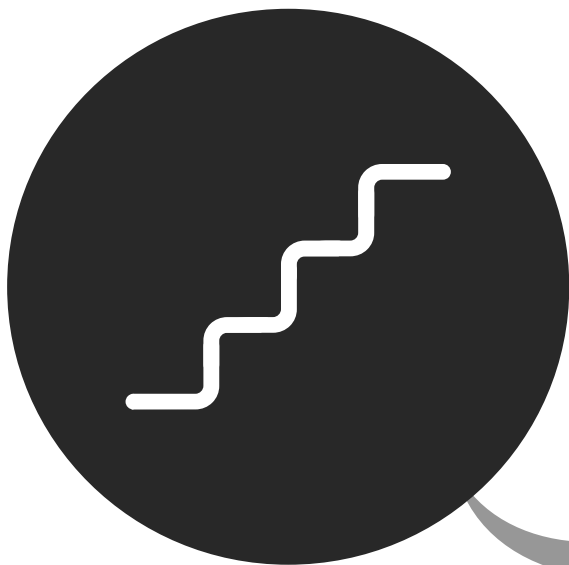

Customization charges may apply.

*CRI for custom color temperatures below 2700K is 80+

**Does not apply to Faceplate Library or custom designs; laser-cut faceplates are offered in painted finishes only.

Faceplate designs from the standard library have been reviewed by engineers and are ready for production; however, they are not stocked items.

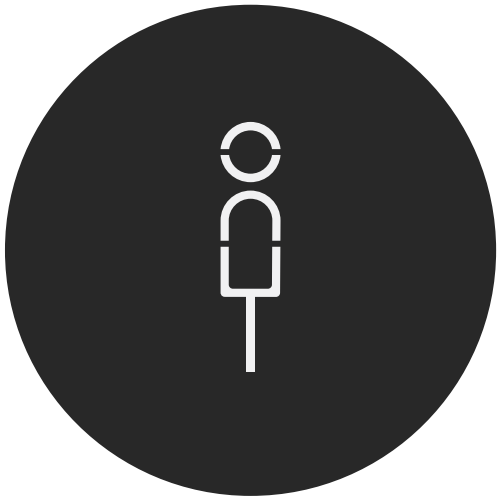

Custom faceplate designs may require additional lead time and may incur additional charges.
