Combi table lamp

The Combi table lamp offers the convenience of a multi-functional design, combining a stylish table lamp with a smart device charging station. It features a high power USB-C port charger for corded charging and a wireless charger for Qi-enabled devices, ensuring a hassle-free charging experience. With its sleek design and clutter-free setup, the Combi table lamp is ideal for workspaces, reading areas, or bedside tables, providing both functionality and style.

Technical Information

Color Temperature:	2,700K
Lumens:	330
Lighting Consumption:	7.7 W
Standard Finishes:	Matte Black, Matte Red, Matte White
L-90 Rated Lifespan:	> 33,000 hours
Color Rendering Index:	90+
USB-C port:	45W (PD version 3.0)
Wireless Charging:	5W Qi standard
Material:	Aluminum, plastic
Warranty:	5 years
Voltage:	120V

Integrative Process

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Koncept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

Interior Lighting

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

Koncept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Furthermore, all Koncept lighting products use high quality LED light sources with CRI over 90 and L90 rated lifespan over 60,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.
