

# Z-BAR

## wall sconce

### *Designers*

Kenneth Ng & Edmund Ng

The sleek Z-Bar Wall Sconce can be utilized to highlight artwork, mirror or a framed photo. Mounted solo, it can be appreciated as its own work of modern art. It can be hung horizontally, vertically, even diagonally on a wall or ceiling. The sconce comes in three sizes, the smallest of which can be mounted at the end of the light bar as well as from the middle. The slim LED bar is dimmable and rotatable, giving users freedom to modify the light.

Lumens: 24": 1000 / 36": 1600 / 60": 2000  
 Energy Consumption: 24": 16 W / 36": 24 W / 60": 30 W  
 Rated Lifespan: 50,000 hours  
 Color Temperature: Soft Warm (3,000 K)  
 Color Rendering Index (CRI): 90+  
 Brightness Adjustability: Compatible with any ELV wall dimmer  
 Standard Finishes: Brushed Nickel\*, Matte Black, Matte White  
 Material: Aluminum, plastic  
 C-UL-US Certified  
 All models come with a rectangular and square mounting plate  
 \*Brushed Nickel not available for 60" model

The Z-Bar Wall Sconce requires some space in the junction box for the transformer to sit in. We recommend that installers use either a 4" octagon box or an at least 1" deep single gang outlet box.

### Square mounting plate

### Rectangular mounting plate

## Potential LEED Points

### Integrative Process (Possible 2 points)

To support high-performance, cost-effective project outcomes through an early analysis of the interrelationships among systems.

Concept's LED desktop and task lighting provides finer control over lighting levels in occupied spaces. With personal lighting in place, elimination or downsizing of building lighting systems is possible.

### Interior Lighting (Possible 2 points)

To promote occupants' productivity, comfort and well-being by providing high-quality lighting.

Concept's portable task lighting products provide more than three lighting levels that occupants can easily adjust to suit their needs. Users can achieve dimming control for most hardwire lighting products by implementing standard ELV dimmers. Furthermore, all Concept lighting products use high quality LED light sources with CRI over 80 (over 90 for hardwire products) and L70-rated lifespan over 50,000 hours. Desktop and task personal lighting also provide the opportunity to reduce overhead lighting.
