

Meet the Designers

Koncept was born in 2002 when industrial designer Peter Ng and his two sons, Kenneth Ng and Edmund Ng, joined forces in order to harness years of manufacturing and industrial design experience.

The Koncept team has since designed a range of products that have significantly influenced the LED task lighting industry. Their works have been featured in major press such as TIME Magazine, Oprah Magazine and Interior Design Magazine. Koncept has earned over 50 international design awards to date, including the Red Dot Design Award, iF Design Award, and the Good Design Award.

Embracing modern, minimalist lines while maintaining rich functionalities, Koncept's designs strike the perfect balance between form and function.

An Instant Classic

The Mr. n family started with the design of Mr. n in 2013. The first of its kind, it received worldwide acclaim. Mr. n *tall*, released in 2017, is nearly double the height and double the brightness of the original Mr. n.

Seamless Light

The arched design provides a continuous warm glow from top to bottom. Turn the light on/off or dim with one touch on the bottom exterior.

Charge It Up

Mr. n *tall* features a built-in USB port to charge any compatible device
